FRN- 1010002

Form 471- 370208

SPN Name- Bellsouth Communications Systems

SPIN #- 143011959

Invoice #- N/A

Invoice Amt- \$114,802.02

Reason for Service Delivery Deadline Waiver- The SLD contract expiration date ended before our vendor completed their obligation. Therefore a Form 500 was filed with SLD to extend our contract expiration date. I was told on March 9, 2007 that the contract expiration date was approved and extended from 03/30/2004 to 05/04/2005. On March 21, 2007, I filed a service delivery extension so that Bellsouth's invoice will be accepted by SLD and that request was denied on May 30, 2007. Due to an administrative error, this extension was not filed before the deadline date. Therefore, according to Bishop Perry Order, we are asking that you waive the service delivery deadline for FRN 1010002 so that our service provider can receive payment from SLD.

Thank you for your consideration,

Lotis Richardson
